THE RED LION SHAMLEY GREEN

WHERE DOES OUR FOOD COME FROM

At the Red Lion Shamley Green, our ethos here has always been, 'What grows together, goes together'. Nothing is bought frozen, and we make every effort to not buy from abroad wherever possible. We buy the best possible produce we can, as local as we can, and hope the food speaks for itself. We hope you agree that a marginally more expensive dish is worth paying for when you know exactly where it came from - Here is how your food got here!

MARGOT'S GARDEN

Some of you may have noticed Daisy built a small vegetable garden in the back garden, we also have two polytunnels and another veg patch behind the kitchen. We're learning as we go, so yield can be inconsistent, and Margot sometimes takes quality control tests a little too seriously, but you'll often see our home grown veg make their way onto the specials.
